

Geo Cashe 3 – Stevensville area

**Active from March 30<sup>th</sup> – April 20<sup>th</sup>**

Group play is encouraged

Final destination is a local establishment open 5 days a week 9am-5pm, closed on **Mondays and Tuesdays**

Starting site: United Empire Loyalist Park 2700 Ott RD, Stevensville ON, L0S 1S1

- In the parking lot near the ball diamond, you OTT to take a left
- Continue over a small bridge and past the quiet Mennonite neighbors
- Turn at West Main St, you can only go one direction to stay on the road, which is where you want to be.
- Keep straight over a small speed bump – MILLing along, if you keep a certain road on your navigator's side, you won't grow OLD completing this search.
- Another speed bump – if mailing some letters were on your "to do" list now would be the time to make a pit stop on your right side. (keep going straight)
- Obey the traffic lights, passing between the chest of hope and the barber shop is your best "insurance" of finding your way.
- You know you are on the right trail if you pass a large brown barn on your left with a star and buffalo on it.
- Not in the sky but make a right turn when a HAWK appears.
- Now you are heading south but the road has another direction in its name.
- As you travel, a red tractor can be seen before a small bridge, keep going.
- The road will eventually end and you must make a choice. As you come to the stop sign, there is an old style farmers fence, turn so you keep following the fence.
- Quickly now, make a right turn, don't be a WINGER, follow my clues.
- If you made the correct turn and understood my directions, there will be a large red barn on your left.
- You will pass over another small bridge, small enough for 1 car or two LBCs.
- Watch for a FARM(er) to lead you through the next step of this tricky maze. (Two roads blend together here)
- Another dead end, take a right here please.
- Walden pond should be on your right.
- At the next set of lights, stay off the HWY, carry on McDuff!
- Hint that you are on the right path, The Ball Homestead sign can be seen on your right near a driveway. Not a large sign so keep your eyes peeled.

- Hopefully everyone on this journey is a live and well and not needing the services you can spot on the left.
- Continue past the school.
  
- At the lights, keep going...TAX season is here but this is not the time to finish that task.
- If you have followed the directions, your destination should have you seeing RED on the drivers side.
- Street parking is usually available, especially for "SENIORS" who are CENTERED on fun.
- Pass through the "picket" fence and into the building. WARNING 3 steps to enter.
- Once inside, don't be distracted by the sweet décor. Look for Spring décor that brings you the scent of spring blossoms and the color purple. Yes, you read that correctly.
- Look behind and you will find the Geo Cache.
