

## Geo Cache #5 – Port Colborne Active **June 2<sup>nd</sup> – 24<sup>th</sup> 2026**

Group play is encouraged

Final destination is a local establishment 7 days a week 11am-5pm

Starting site: Reeps Bay Beach 607 Lakeshore Rd, Port Colborne

Instructions:

- Leaving the parking lot, head away from the place everyone is “dying” to join
- Enjoy the view as you continue straight for a significant portion of the drive
- As you travel note the dirty white metal fencing that keeps horses within...you are still on track.
- Look straight ahead, yes! your eyes are deceiving you – if you know you know! If you have no idea what I am blabbing on about, reach out after this adventure and I will share.
- Over the bridge by the water, and follow the road as it has an identity crisis and changes names
- If you are a Leaf’s fan you will not recognize this street but for most Canadian’s this street is named after the holy grail of trophy’s. Turn right
- You must make a decision now, as you cannot continue straight on your course. Which way to turn?? Going away from the water is your best bet
- QUICK you must turn right not only like a boss but like royalty...maybe not a queen or king but more like an Earl of Kent??
- Over the railroad slowly please
- Another decision must be made... I would be a WITCH if I didn’t give you a clue. Please avoid those who claim to predict the future.
- Lovely views with water on one side and unique shops on the other. HINT: your location has a view but is NOT in the “drink”. Stay on the road.
- Bright colors will lead you to the final destination. No that isn’t a rainbow but brightly painted shops. Your clue to stop
- Park your car and take the rest of this adventure on foot.
- If you want your excursion to take a “sweet” turn, with three colors to choose, enter the place that doesn’t say yield nor stop but “go, go go!”
- Once in this establishment, take some time to wonder and browse for the geo cache that is hidden where only real Brits would go for a sweet treat. HINT: move through the store towards the back. (FULL permission from the owner to hide the geo cache deep within the store.)
- ENJOY
