 - o On the right, up the road a little will be a mill stone at a little parking place.
 - o Over a bridge that jumps you over the creek
 - o VERY tall flagpole with Canadian flag on the driver's side
 - o PW Boutique hotel that used to be a run-down motel...they hired better PR firm 😊
- Now to make a turn off this lovely road. Historical place on left that asks you "please do not climb" Make the turn and don't stop to climb on the wheels.
- At a stop sign, go straight.
- Over a tiny bridge please.
- HINT: Look in the fields, you will spot stacked bee hives
- At a stop sign look for a LARGE willow tree in the front yard of a house. Under the tree, at the end of the driveway is a small lion cement statue, turn so you pass by this house and keep traveling.
- Your next turn comes quickly. Take the next left turn.
- Take your next right. This street will have you go over a bridge that keeps your feet dry and out of the Creek.
- This road is short but will place you where you need to be. Turn so you keep the creek on your driver's side.
- Follow along straight for a drive.
- Up ahead is a care unit, they aren't ready for you yet but take a turn at the Rubiks cube. HINT, once you turn look for the giant maple tunnel.
- No stopping to practise your putt, pass the range.
- At the 4 way stop make a right...but go slow. Your destination is coming up fast.

- HAY there! You arrived.
- At the giant wooden arch, turn into the parking lot but stay close to the road.
- On one post for the arch is a sign that tells you what family members are not allowed on the premises. Waist high you should find the cache.
