- Once in the parking lot perpendicular to the water, turn away from the other parking lot for the beach.
- There will be a curve in the road, follow the road remembering to obey traffic signs.
- Strange intersection, main road has 3 others coming in at odd angles. Making a left, don't be fooled into a BEACH VIEW.
- Up a short way, you will take a left. Dinner could consist of macaroni and cheese but only when this name brand is in the house.
- HINT: if you chose correctly, the water will be visible straight ahead.
- Before this road ends, you must make another right turn, last intersecting road before the water. I will stay on the Edge of my seat as you discuss this one.
- Enjoy the drive, this will take a few minutes.
- HINT: Friendship trail can be seen on your right occasionally.
- Your current path will take a turn. Follow the road but note it will change names. HINT: cross over Friendship trail.
- Busy intersection, go straight through. HINT: No stopping at the hardware store.
- Keep traveling this road until you come to the right place. Think about a place that holds many fruit trees... not just a field but called _____. Once you find the correct road, make a left turn.
- HINT: There is a "little" library" on your right after you turn.
- A popular city in Florida famous for motor sports and beaches, make a right turn. HINT: When you see the two LARGE stone archways on either side of the road, you are in the right place.
- Continue straight. HINT: watch on the right side of the road for a large rocking chair.
- Keep driving and you will spot a water tower in the distance.
- Hint: Double D's....NO NOT THOSE DOUBLE D's!!!! Keep driving please.
- This road too will change names but stay the course.
- Left at the Do Not Enter sign.
- Riding off into the SUNSET sounds very nice at whatever time of day it is...right turn.
- HINT: Hobby farm on the right baring the name of the road.
- Now a choice needs to be made. Do NOT go onto the highway OR go OVER the highway.
- HINT: If you choose correctly, you will pass the highway maintenance yard on your right.
- A large barn and sign for Dog Second Home Pet Boarding sign will signal a right turn.
- HINT: SSSHHHH, people sleeping.....forever

- Over the tracks
- Before the overpass, make a turn. You are not a hawk or an EAGLE! Stay on the road please.
- HINT: FORE all of you still with us, look to your right at the beautiful rolling greens.
- Narrow bridge
- Your next turn comes when the road ends (remember you still cannot take flight). Before the stop, you will see a tall tower. Turn the opposite direction.
- Over those railroad tracks again.
- Right turn at the lights! Beware, your destination is soon after your turn. Approximately 20 seconds and on your left you will see a brick house with red door and dark trim.
- Park near the brick house
- Your entrance is to the side, not the main door.
- Once you step in, please try to ignore the aroma for a minute as you search for the geo cache. It will be in that first nook, waist high.
